+CURRENT COMMENT+

There will soon be doings in congress. The short session began Monday.

0000
The largest brick yard in the world will be established near St. Paul, Minn. It will cover 72 acres, and spurs and tracks will run all over the ground.

0000
The successful merchants are the ones who advertise. Pick out the most prosperous men in any town and you will find that they own newspaper space.

0000
We do not know whether this notice was paid for or not, but at any rate, an Ottawa (Kans.) paper states that there is a lot of nice widows in that town.

0000
Cleveland returned home a few days ago with a big bag full of small game, while Roosevelt returned to Washington after a fruitless search for big game.

0000
Some wise one should advise the women of Massachusetts to go west. There are 80,000 more women than men in that state. Maybe they are not all young women, however.

0000
On the football fields during the past two weeks there has been seven fatal accidents, and 16 seriously injured in less than a month. Most of the dead and injured are college boys.

0000
A shooting match between Roosevelt and Cleveland would attract a large crowd. Some enterprising manager might advertise it as "A shooting of the stars." Cleveland recently shot 80 ducks in seven hours.

0000
Large quantities of wheat are being shipped from Minneapolis to Puget Sound for shipment to Australia. The amount now under way is 1,000,000 bushels. It will be ground on the Pacific coast. There is a wheat shortage in the land of the kangaroo.

0000
Admiral Dewey is to command the greatest fleet in the history of America. At the winter maneuvers he will have 61 vessels, comprising more than one-half the entire force of the navy. There is much work mapped out, but there will be little powder burned.

0000
The recent trial of Roland B. Molineaux, in New York, for the murder of Mrs. Adams, has had the unique distinction of being the most costly case of the kind ever known in any country where the English system of jurisprudence prevails, the total amount expended having been \$500,000. The expense of the first hearing to the county of New York was \$250,000, about twice the amount of the second. The remainder represents the sum expended by the friends of the accused.

0000
An exchange says: "Now is the time to tell the story about the farmer who stuck a bottle upon a fence-post on his farm by the side of the railroad track, as a target for the firemen on the passing locomotives to throw at. Not one fireman in 20 was able to resist the temptation and having no rocks to throw they would have to throw pieces of coal. In this way the farmer always had coal to burn, and he could well afford to replace the bottle whenever one happened to get hit." Moral: It is easier to cajole the coal trust than to force it.

Keep It in Your Home,
And when the bowels fail to act properly, take a dose of Lyon's LAXATIVE SYRUP. It acts gently but effectively on the kidneys, liver and bowels; will keep your system in good working order and make your complexion clear.

If you know Malaria, you certainly don't like it. If you know Ayer's Malaria and Ague Cure, you certainly do like it.

Death of Green T. Little.

Green T. Little, who was born and raised in this county, and who migrated to Texas some 20 years ago, died recently at his residence in that state of injuries received from a fall from a buggy. The particulars, as near as we have been able to obtain them are that two weeks prior to his demise he was riding in his buggy when the horse got scared and Mr. Little was thrown violently to the ground. He was internally injured in some way, for he only survived the shock 10 or 12 days. He was a brother of Uncle Phil Little, of Lacey creek, Canada Little, of St. Joseph, Mo., and other close relatives, perhaps, whose names we do not recall, and himself a good citizen in all that the term implies. A host of his friends hereabouts will read this announcement with sorrow.

Rev. Irl R. Hicks' 1903 Almanac.

To say that this splendid work of science and art is finer and better than ever, is stating it mildly. The demand for it is far beyond all previous years. To say that such results, reaching through 80 years, are not based upon sound sense and usefulness, is an insult to the intelligence of the millions. Prof. Hicks, through this great Almanac, and his famous family and scientific journal, Word and Works, is doing a work for the whole people not approached by any other man or publication. A fair test will prove this to any reasonable person. Added to the most luminous course in astronomy for 1903, forecasts of storm and weather are given, as never before, for every day in the year, all charmingly illustrated with nearly 200 engravings. The price of single Almanacs, including postage and mailing, is 30 cents. Word and Works with the Almanac is \$1.00 a year. Write to Word and Works Publishing Co., 2201 Locust Street, St. Louis, Mo., and prove to yourself their great value.

A Lovely Christian Lady.

Mrs. Annie Clark, of Indianapolis, was the guest of Mrs. W. O. Mize last week, having come to be present at the dedication of the college, to visit Mrs. Mize, and look on our beautiful mountains, which to her was as strange a sight as the prairies of her state would be to one of our citizens who had never seen their broad expanse. We were glad to have her with us, especially when we have been informed of her life work. She is to be honored for her many virtues, and is the superintendent of the Central Christian Church Sunday-school of her city, the attendance of which, on the day before she left for Kentucky, numbered 504, and the collections for home missions same day being over \$135.

Bought a Blue Grass Farm.

The Sentinel-Democrat notes the fact that Will Swango has bought of Col. Tom Johnson, of Montgomery county, his 200-acre farm, five miles from Mt. Sterling, on the Paris pike, for which he paid \$80 per acre cash. It is believed here that the purchaser is none other than our friend, W. T. Swango, who recently removed to Millersburg. But, "pshaw," none of "we-us" had an idea that Billy carried as much as \$10,000 about him as cash pocket change. However, Will is a hustler and deserves to have a fair share of the good things of this life.

Loss of Vitality

Is loss of the principle of life, and is early indicated by failing appetite and diminishing strength and endurance. How's Sarsaparilla is the greatest vitalizer—it acts on all the organs and builds up the whole system.

Andy James, of Slate, is visiting his brother-in-law, Frank Johnson, of Lacey creek, and other relatives and friends in this vicinity.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

A Very High Compliment.

The stockholders of the bank recently incorporated at Campton have highly complimented our fellow citizen R. J. McLin, by proffering him the presidency of that institution. Mr. McLin, however, has not yet accepted, and has the matter under consideration. He says that if the bank were here he would not hesitate a minute—indeed, would be proud to have it—but located as it is it would be inconvenient, to say the least.

A Costly Mistake.

Blunders are sometimes very expensive. Occasionally life itself is the price of a mistake, but you'll never be wrong if you take Dr. King's New Life Pills for dyspepsia, dizziness, headache, liver or bowel troubles. They are gentle yet thorough. 25c. at J. T. Day's, Hazel Green, and S. S. Combs & Sons, Campton, drug stores.

SHERIFF'S SALE.

BY VIRTUE of an execution to me directed, which issued from the office of the Clerk of the Wolfe Circuit Court in favor of W. L. Hurst, and against John D. Jameson, I will, on the

5th Day of January, 1903,

it being County Court day, between the hours of 11 o'clock a. m. and 4 o'clock p. m., at the court house door expose to public sale the following described property, to-wit: A certain tract or parcel of land lying and being in the county of Wolfe and State of Kentucky, on the waters of Devil's Creek, and bounded as follows: Beginning at the mouth of a drain below H. N. Horton's line, thence up the drain to the top of the hill to a black oak tree, thence with H. N. Horton's line to the county road—thence with said road to J. C. Tolson's line, thence with his line to Joe Mullins' line, thence with said Mullins' line to the beginning, and will proceed to sell said land or so much as will be necessary to satisfy said debt, interest, and all costs thereon, to the highest and best bidder on a credit of three (3) months from the day of sale, the purchaser giving his bond, with approved security, bearing 6 per cent interest from date, and have the force and effect of a replevin bond, on which execution may issue, if the same shall not be paid at maturity, when and where due attendance will be given by me.

Eczema

How it robs the skin, itches, oozes, dries and cracks. Some people call it tetter, milk crust or salt rheum. The suffering from it is sometimes intense; local applications are resorted to—many ointments, but cannot cure. It proceeds from humors inherited or acquired and persists until these have been removed.

Hood's Sarsaparilla positively removes them, has radically and permanently cured the worst cases, and is without an equal for all cutaneous eruptions. Hood's Sarsaparilla is the best cathartic. Price 25 cents.

A X mark shows that your time is up, and unless you renew at once you may not get the paper next week.

Taylor Johnson is in Mt. Sterling on business.

Mrs. Etta Amyx, who has been visiting her mother, Mrs. Angeline James, will this week leave for her home at Bushnot, Ill.

Misses Anna Belle Combs, of Campton, and Lizzie Pioratt, of Maytown, were guests of Mrs. Alice Pioratt last week and this.

Miss Rylda Horton, who has been visiting friends and relatives here for the past month, returned to her home at Camargo Friday.

TO BE CURED of rheumatism, with all its lameness, aches and pains, take Hood's Sarsaparilla. You must be sure to GET HOOD'S.

WANTED—One dozen hens of the hatch of 1902, for which the highest market price will be paid. Apply at this office.

Misses Nedda Davis and Kate Bates, of Searsville, and Willie Testerman and Willie Carter, of Grassy, were guests of Mrs. John Davis during dedication week.

Henry Thomas Card, of Wednesday, is visiting the family of his son, Wm. H. Card. He came on the 26th ult., and spent Thanksgiving in our mountain town.

Have you any money hid away about your home? If so, send it to the West Liberty Bank, where it will be much safer, and you can check it out as occasion demands.

Miss Mary A. Lyons, who delivered the benedictory address on Thanksgiving day, spoke to the students of Hazel Green Academy on Friday evening at chapel. Many citizens also heard her.

Dean Squire, Bruce Duff and Sam Duff, of Spencer, Jonas Vansant and Harry Combs, of Campton, John Cisco, of White Oak, and Henry Cecil, of West Liberty, were at the Day House last week.

For Constipation Take 1/2 of a laxative syrup; an ideal remedy for babies and children, as it is pleasant to take and perfectly harmless and does not irritate the stomach. Price 25c. Sold by J. C. Stimpert, Grassy Creek W. W. Swango, Maytown, Ky.

J. T. Nickell and wife, Mrs. Lula Pioratt, of Ezel, Miss Lizzie Henry, Etta May Cecil and Stanley Womack, of West Liberty, W. R. Cecil and wife, of Grassy, were guests of James B. Cecil during dedication.

Rev. H. D. Adams has returned from Magoffin county, where he has been holding a series of meetings with success, 17 additions to the church at Buffalo, Magoffin county, and the church is much strengthened.

It is mighty nice to have a bank account, and the West Liberty Bank is a nice place to keep it. If you have any surplus cash about your home send it over there for safe-keeping, and have them issue you a check-book. Also send them your checks for collection.

Mr. and Mrs. John W. Cravens, of McCausey, were guests of John M. Rose during dedication week, and the latter paid as a pleasant call and subscribed for The Herald for her son, Wm. H. Kash, of Co. H, 15th U. S. Infantry, now at Fort D. A. Russell, Wyoming.

Neighbor E. M. Russell has been on the sick list three or four weeks, and his attending physician, Dr. Center, pronounces it a case of typhoid fever. "Dick" has had quite a tussle, but we are glad to note that he is now improving and expresses the hope that he will soon be himself again.

We will give bargains in pianos and organs during the holidays. So you can get a standard instrument for less than you could at any other time. As this is clearing season at all the factories, we must make room for new styles and our prices are moving discarded styles and don't you forget it. We will have bargains in books, watches and jewelry and other novelties. We have 1903 catalogs and you can make special orders for anything you want and save you from 25 to 50%. We mean to merit your trade. Make up your mind what you want to give, and order through me.

J. T. GEVEDON.

With the West Liberty Bank.

The many friends of Tommie Daniels will be glad to hear that he is acting in the capacity of assistant cashier to Mr. Archibald, cashier of the West Liberty Bank, West Liberty, Ky., and Tommie will very much appreciate their friendship if they will extend it materially. This they can do with profit to themselves and pleasure to Tommie. For instance, if all his friends who have a little idle capital will deposit the same with his bank it will aid him very much toward clinching the job he is now holding and tend to his promotion in the sweet subsequently. Tommie Daniels is one of the most potent and affable young men in this section of the state; free from the petty vices of many young men, and with it all carries an education obtained at our own Hazel Green Academy. Thus equipped he should succeed, and he asks his friends to empty their old socks of the wealth there stored and send all their spare money to the West Liberty Bank for safe deposit.

WOMAN'S RELIEF

A really healthy woman has little pain or discomfort at the menstrual period. No woman needs to have any. Wine of Cardui will quickly relieve those smarting menstrual pains and the dragging head, back and side aches caused by falling of the womb and irregular menses.

WINE OF CARDUI

has brought permanent relief to 1,000,000 women who suffered every month. It makes the menstrual organs strong and healthy. It is the provision made by Nature to give women relief from the terrible aches and pains which blight so many homes.

Greensboro, La., Oct. 14, 1900. I have been very sick for some time. I was taken with a severe pain in my side and could not get any relief until I took a bottle of Wine of Cardui. Before I had taken all of it I was relieved. I feel it my duty to say that you have a wonderful medicine. Mrs. M. A. Yocum.

That Thanksgiving Dinner.

The dinner served by certain citizens of Hazel Green and the adjacent country in the old building of Hazel Green Academy was a grand success. Nearly 400 persons ate and were filled, and of what remained there were baskets full, boxful, tubful, etc., and yet many fragments remained. The credulous person should have been there to see for himself. "When we want to do a thing we can do it," as was evidenced at this dinner. We want to thank all persons who helped in any way to make that event the crowning success of our glad Thanksgiving day, for it was the "happy climax" to a most glad day. Thanksgiving day, Nov. 27th, 1902, will long be remembered by all who were in Hazel Green on that auspicious occasion. Very truly, Wm. H. Cobb, Principal.

Fight Will Be Bitter.

These who will persist in closing their ears against the continued recommendation of Dr. King's New Discovery for Consumption, will have a long and bitter fight with their trouble if not ended earlier by fatal termination. Read what T. R. Beall, of Beall, Miss., has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvement came at once and four bottles entirely cured her. Guaranteed by J. Taylor Day, Hazel Green, and S. S. Combs & Sons, Campton. Price 50c. and \$1.00. Trial bottles free.

Aunt Julia's Dinner.

The editor and his better seventeenth had an invitation to take Thanksgiving dinner with John Ward and "Aunt" Julia, his better 19-20, but on account of stomach trouble had to decline as well as to forego the dedication dinner. Mrs. Ward, however, sent us some of her turkey, cake, etc., so that we were not entirely left. Those present were Misses Emma and Judie Cox, of Toller, John H. Rose and wife, L. J. Dunning and Sam Wilson.

Dewese Wilgus has the thanks of the editor and his better seventeenth for a nicely dressed rabbit—young, fat and tender, and the editor's stomach being somewhat out of kilter it was a relished dish. Master Charley is also thanked for bringing it in.

Miss Lusk Accepts.

MYRTLE POINT, COOS COUNTY, OREGON, Nov. 3, 1902. Spencer Cooper, Hazel Green, Ky. Dear Sir: I was very much surprised and pleased, when I received THE HERALD, containing my poem, and your kind invitation to me to become a contributor to your paper, which I assure you, I should be proud to do, though I could not promise to send something each week, for I am afraid, should I try to do this, that some of my poems would not be worthy publication; but when I have any that I consider worth printing, I will gladly send them to you. My love to Mrs. Cooper, whom I well remember, and the pleasant visits I had in her beautiful home, with its flowers and pictures. A Hazel Green girl, ENITH LUSK.

[The above letter should have appeared two weeks ago, but was crowded out. D. V., one of her poems, "An Oregon April Day," will appear in next week's issue.]—Editor.

Revolution Imminent.

A sure sign of approaching revolt and serious trouble in your system is nervousness, sleeplessness, or stomach upsets. Electric Bitters will quickly dismember the troublesome causes. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver, and clarify the blood. Run down systems benefit particularly and all the usual attending aches vanish under its searching and thorough effectiveness. Electric Bitters is only 50c, and that is returned if it don't give perfect satisfaction. Guaranteed by J. T. Day, Hazel Green, and S. S. Combs, Campton, druggists.

A Rising Young Man.

We had the pleasure of having in our midst during dedicatory exercises that universal favorite and all-around good fellow, Carl Mize, who has been sojourning in Indianapolis over a year, and while there has made his home in the family of Dr. A. J. Clark. After spending a few days at home, during which a host of friends welcomed him by hearty hand shakes, he returned to that city on Friday, accompanied by Mrs. Clark, with whom our citizens were delighted to meet. Not only because of her hospitality to one of our boys, but for her many high attributes and noble christian character.

C. C. Smith, general superintendent of work among the negroes under the auspices of the C. W. B. M., of Cincinnati, was in our town from Friday last, the 21st ult., to Wednesday, the 26th. While here he preached at the Christian church on Sunday morning and evening, and lectured to the students of the academy two times.

WEEDS

Consumption is a human weed flourishing best in weak lungs. Like other weeds it's easily destroyed while young; when old, sometimes impossible.

Strengthen the lungs as you would weak land and the weeds will disappear.

The best lung fertilizer is Scott's Emulsion. Salt pork is good too, but it is very hard to digest.

The time to treat consumption is when you begin trying to hide it from yourself. Others see it, you won't.

Don't wait until you can't deceive yourself any longer. Begin with the first thought to take Scott's Emulsion. If it isn't really consumption so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win.

Scott's Emulsion, fresh air, rest all you can, eat all you can, that's the treatment and that's the best treatment.

We will send you a little of the Emulsion free. Be sure that this picture in the wrapper of every bottle of Emulsion you buy. **SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y.** 50c. and \$1. all druggists.

Dedication of Pearre Hall.

On Thursday, Thanksgiving day, Nov. 27th, Pearre Hall of Hazel Green Academy was formally dedicated, and the school now occupies it.

For three days and nights before the dedication there was incessant rains, and on the day of dedication there was rain and snow and a strong west wind. Notwithstanding all that, nearly 400 people gathered in the assembly hall to witness the exercises. While the weather was wintry without the two splendid furnaces made the air within like summer, and everyone was comfortable indeed.

There were visitors from far and near; many came from quite a distance through wind and rain. The citizens of the town and community turned out well. The program of exercises was ideal, and every part was the best.

The opening song was "America" in which the school lead and the audience joined. Then Prof. I. S. Compton lead the assembly in the invocation. Again the pupils lead in the song "Blest be the tie that binds," and Elder W. L. Buchanan, of West Liberty, offered the prayer of thanksgiving. Then B. W. Trimble, of Mt. Sterling, read some appropriate scripture lessons, and four young women—Carrie Rose, Beulah Thomas, Roxie Daniel and Mattie Gevedon, sang the quartette, "The Song of the Harvest." The principal made some opening remarks welcoming all upon that most auspicious occasion. Miss Emma Sleet, teacher of music at the academy, then sang most beautifully "Lord, We Pray Thee." W. O. Mize spoke for the founders of the academy, giving a brief sketch of its conception and history.

Miss Mary Alice Lyons, secretary of the Ohio C. W. B. M., Hiram, delivered an exceptionally fine address on "The Oak and the Cornerstone." From the beginning to the close she carried her audience, which seemed to be hung on her words. No better, more appropriate, more suitable address has ever been heard in Hazel Green. It was a gem in thought and construction from the first word till the last.

Mrs. Anna Clarke, superintendent of the Central Christian Sunday school, Indianapolis, offered the dedicatory prayer, during which we seemed to be carried up to the very courts of heaven.

The school then sang the dedicatory hymn, when W. L. Buchanan captivated the audience in a 20-minute speech on "The influence of schools in the mountains."

Lastly, the school sang "Praise God from whom all blessings flow," and B. W. Trimble pronounced the benediction, when Pearre Hall formally entered upon its years of service to the cause of education and religion in the mountains.

A Special Grand Offer.

On January 1st, 1903, the Twice-a-Week Courier-Journal will cease to exist, but the Weekly Courier-Journal, 10 or 12 pages, will succeed it, the price being \$1 a year. All subscribers to THE HERALD on or before Jan. 1, can have Courier-Journal sent them to Jan. 1, 1904, by remitting 30c extra. Fibroid Tumors Cured.

A distressing case of Fibroid Tumor, which baffled the skill of Boston doctors. Mrs. Hayes, of Boston, Mass., in the following letter tells how she was cured, after everything else failed, by Lydia E. Pinkham's Vegetable Compound.

Mrs. Hayes' First Letter Appealing to Mrs. Pinkham for Help:
"DEAR MRS. PINKHAM:—I have been under Boston doctors' treatment for a long time without any relief. They tell me I have a fibroid tumor. I cannot sit down without great pain, and the soreness extends up my spine. I have bearing-down pains both back and front. My abdomen is swollen, and I have had flowing spells for three years. My appetite is not good. I cannot walk or be on my feet for any length of time. The symptoms of Fibroid Tumor given in your little book accurately describe my case, so I write to you for advice."—(Signed) Mrs. E. F. HAYES, 262 Dudley St., (Roxbury) Boston, Mass.

Note the result of Mrs. Pinkham's advice—although she advised Mrs. Hayes, of Boston, to take her medicine—which she knew would help her—her letter contained a mass of additional instructions as to treatment, all of which helped to bring about the happy result.

"DEAR MRS. PINKHAM:—Sometime ago I wrote to you describing my symptoms and asked your advice. You replied, and I followed all your directions carefully, and to-day I am a well woman."

"The use of Lydia E. Pinkham's Vegetable Compound entirely expelled the tumor and strengthened my whole system. I can walk miles now."

"Lydia E. Pinkham's Vegetable Compound is worth five dollars a drop. I advise all women who are afflicted with tumors or female trouble of any kind to give it a faithful trial."—(Signed) Mrs. E. F. HAYES, 262 Dudley St., (Roxbury) Boston, Mass.

Mountains of gold could not purchase such testimony—or take the place of the health and happiness which Lydia E. Pinkham's Vegetable Compound brought to Mrs. Hayes.

Such testimony should be accepted by all women as convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for all the distressing ills of women; all ovarian troubles; tumors; inflammations; ulceration, falling and displacements of the womb; backache; irregular, suppressed or painful menstruation. Surely the volume and character of the testimonial letters we are daily printing in the newspapers can leave no room for doubt.

Mrs. Hayes at her above address will gladly answer any letters which sick women may write for fuller information about her illness. Her gratitude to Mrs. Pinkham and Lydia E. Pinkham's Vegetable Compound is so genuine and heartfelt that she thinks no trouble is too great for her to take in return for her health and happiness.

Truly it is said that it is Lydia E. Pinkham's Vegetable Compound that is curing so many women, and no other medicine; don't forget this when some druggist wants to sell you something else.

\$5000 REWARD if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness.

CONGRESS IN SESSION.

Both Branches Called to Order Monday Noon.

Probably One of the First Measures Taken Up Will Be to Defray the Expense of the Coal Strike Commissioners.

Washington, Dec. 1.—The senate was called to order at noon Monday. The present week will barely witness the beginning of the three months' work. The usual committee of two senators was appointed to call on the president and resolutions of regret for the death of Senator McMillan, of Michigan, brought the day's session to a close a few minutes after assembly. Tuesday the president's message will be read and beyond this no business will be attempted that day. The sessions of Wednesday and Thursday will also be brief with an adjournment from Thursday until the following Monday.

The admission of the territories of Oklahoma, New Mexico and Arizona as states of the union probably will be the subject of general importance to receive attention of the senate. Other questions which, in addition to the appropriation bills, are expected to receive attention of the senate at this session are the trusts, the tariff and Cuban reciprocity. It is possible that the Cuban question may be postponed until the pending commercial treaty with the Cuban government shall be transmitted to the senate, but there has not been any determination on that point. Very few republican senators admit the probability of any change of the tariff law during the present session, but some bills to modify present schedules may be introduced and speeches made thereon. Some senators speak of the creation of a tariff commission as a possibility, but there are differences of opinion as to the utility of such a body. There is quite a unanimity of opinion favorable to anti-trust legislation and this opinion goes to the extent of predicting results along the lines indicated by Attorney General Knox for the amendment of the anti-trust law. Differences of opinion as to the constitutionality of some of the proposed changes have developed already.

The house convened Monday but the session was brief. The roll was called and the announcement of the deaths that have occurred during the recess was made. The house then adjourned until Tuesday when the president's message will be read. There is no program for the remainder of the week beyond the bill to defray the expenses of the coal strike commission.

When the house convened to enter on the final session of the 57th congress a perfect deluge of bills dealing with the trust question it all as shames was thrown into the legislative hopper. It is admitted on all hands that this will be the most important topic of discussion. Indeed, the leaders incline to the belief that beyond the appropriation bills and routine legislation it will be the only general subject on which there is a chance of action at the short session. As yet the leaders have formulated no measure and there exists a pretty wide divergence of opinion as to what can or should be done. The president's recommendations on the subject are awaited with interest.

The leaders already have resolved to expedite the appropriation bills as much as possible in order to allow the largest margin of time for other matters. Mr. Cannon, chairman of the appropriations committee, believes that the legislative, executive and judicial and the pension appropriation bills can be disposed of before the holidays. His committee will go to work at once and prepare the supply bills as rapidly as possible. The legislative and pension bills probably will be ready before the end of the week. One of the first things the appropriation committee will be called on to do, however, is to prepare a bill to provide for the coal strike commission.

TO FILL UP LANDS.
Effort to Be Made in Colonizing in Louisiana and Texas.

Chicago, Dec. 1.—More than \$100,000 will be spent by the management of the Southern Pacific in the next five months in colonizing Southwest Louisiana and Southern Texas. This decision to increase the efforts and expenditure which are being made to fill up these lands was reached in a general meeting of representatives of Harriman lines held here last week and closing Sunday night.

Deer For Mrs. McKinley.
Milwaukee, Wis., Dec. 1.—A deer consigned to Mrs. McKinley, in Canton, O., passed through here by express. The animal was a magnificent one and was killed and forwarded to the widow of the martyred president by a member of a party of Canton sportsmen now hunting in the northern part of the state.

Philadelphia, Dec. 1.—The first snow of the fall season occurred Sunday in Central Pennsylvania. It was wet and melted almost as soon as it fell. In some places the snow fell at the rate of an inch an hour.

WONDERFUL WORK.

Case No. 15,977.—David M. Bye, P. O. Address Box 297, Midland, Mich. says: "Three months I was almost incapacitated from labor; could not sleep at night; had to walk the floor, owing to terrible pain in the hips, in the small of the back, in my instep and ankle of the right leg."
"I was treated for sciatic rheumatism in the hospital, but received no benefit. One month ago I returned home and was given a box of Doan's Kidney Pills. To-day residents of this city can bear witness to the fact that I am able to work, and can also walk to my work without the aid of a walking-stick or crutch."

"In speaking of the immediate effect of Doan's Kidney Pills, I did not find them to deaden the pain, but quickly and surely to eradicate the cause of it."
"I am of the opinion that Doan's Kidney Pills is the best remedy for kidney ailments that can be procured. I was especially careful in my diet, in order to give the treatment fair play."

"In conclusion, I shall be pleased, at any time, to answer any inquiries regarding my case, from anyone desirous of obtaining it."

A FREE TRIAL of this great kidney medicine which cured Mr. Bye will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists, price 50 cents per box.

TO TEST PRESERVED MEAT.
Twelve Government Employees to Partake for a Year of Food Chemically Preserved.

Professor W. H. Wiley, chief of the bureau of chemistry of the agricultural department, has begun a series of experiments on 12 young men in the government employ for the purpose of testing the physiological effects of the use of food preserved with borax and other chemicals. The experiments will be made with a view to deciding what basis there is for the objections of the German government to American meats, on the ground that borax and other chemicals used in their preservation are injurious to public health. The 12 young men selected are volunteers, and all are young and vigorous. Each has pledged himself during the period the tests are to abstain from food and drink except as it may be permitted by Prof. Wiley. They are nearly all of them employed in the scientific bureau of the agricultural department.

Six of them will be fed on "pure" foods, untreated meats, and vegetables, while the other six will partake of the same fare submitted to chemical treatment.

This arrangement will continue for about two weeks, and then the government board will change their diet, those not eating chemically treated food adopting such a regimen, while the others get untreated rations, and at the end of two weeks reversing their diet again. This will be continued for a year or more.

The men will be weighed before each meal and careful notes will be taken of their appearance each day. The experiment will be conducted by the government to determine what effect borax, salicylic acid, formaldehyde, benzoic acid, benzoate of soda, and other chemicals used for preserving foodstuffs have on the health of the consumer of such foods.

FIGHT TO DEATH IN MIDAIR.

A Desperate Battle Between a Hawk and Snake Costs the Lives of Both.

Mack Ball, a keeper of the poorhouse in Grantsville, W. Va., witnessed a thrilling fight in midair between a blacksnake and a chicken hawk. The hawk fluttered down from the top of a mountain acting as if it had been wounded, and when it came in range he could see that it was fighting with a snake which was wrapped about its body and gradually squeezing the life out of it. The hawk would peck at the snake with its sharp bill.

The fight was continued until the life was almost crushed from the hawk, which then fell to the ground. Mr. Ball examined and found the snake wrapped three times around the hawk's body, the bones of which were crushed and broken. Both bird and reptile were in the throes of death. Each had killed the other in their mid-air battle.

It is supposed the hawk had attempted to carry the snake away in its talons, and that the snake coiled about the hawk and began its fight for life.

SO PRESUMING OF HIM.

With Only \$75,000 a Year He Had No Reason to Expect That He Had a Chance.

The yellow moon hung by its crescent hook against the starlit azure of the September sky, and the night was dreamy, delicious, divine, says the New York Herald.

The man and the maiden walked beneath the silent stars and listened to the rustle made told her he had but \$75,000 a year income and no rich relatives.

"No more?" she murmured, looking up at him, to let those blue eyes fall again. He caught her hand in his and let his full heart flow.

"All I have in the world," he said, sublimely.

"Too little," she responded, with firmness.

And then he knew that some of his loved ones had been nominated for the office of senator.

DIFFERENCE OF A COMMA.

When the Sentence Was Written the Inspector Concluded That Something Was Wrong.

Recently a school inspector arrived at a small town in Germany and requested the mayor to accompany him on a tour of inspection round the schools, relates London Spare Moments.

The mayor, as he put on his hat, muttered to himself:

"I should like to know why that ass has come so soon again, a remark which the inspector overheard, but affected to ignore."

Arrived at the first school, he began to examine the pupils in punctuation, but was told by the mayor:

"The inspector merely told one of the boys to write on the blackboard."

"The mayor of Ritzbüttel says the inspector is an ass."

"Now," he added, "put a comma after 'Ritzbüttel' and another after 'inspector.'"

The boy did so.

The mayor is believed to have changed his opinion as to the value of commas.

California.

The Passenger Department of the Chicago & Northwestern Railway has just issued a beautiful book of 60 pages, relating to California and the best route to the Pacific Coast. The book is artistically arranged, beautifully printed and fully illustrated—portraying the scenic beauties, hotel and transportation advantages, and delights of outdoor life in the favored climate of the Coast.

A Kansas Editor Rumors.

It is said that when a hungry Indian goes hunting he kills the first thing he sees, if it is only a crow. If he kills a duck, he drops the crow and if he gets a deer, he throws away the duck. Some girls are regular Indians, aren't they?—Lane News Leaf.

CATARH OF LUNGS.

A Prominent Chicago Lady Cured by Peruna.

Miss Maggie Welch, secretary of the Betsey Ross Educational and Benevolent Society, writes from 338 North State street, Chicago, Ill., the following glowing words concerning Peruna:

"Last fall I caught the most severe cold I ever had in my life. I coughed night and day, and my lungs and throat became so sore that I was in great distress. All cough remedies

nauseated me, and nothing afforded me relief until my doctor said rather in a joke, 'I guess Peruna is the only medicine that will cure you.'"

"I told him that I would certainly try it and immediately sent for a bottle. I found that relief came the first day, and as I kept taking it faithfully the cough gradually diminished, and the soreness left me. It is fine."—Maggie Welch.

SORE THROAT—One Bottle Relieved.
Wm. F. Hayes of Augusta, Ga., writes that he arrived home one night about 10 o'clock and found his wife dangerously ill from sore throat, and that she almost choked to death on being awakened. He requested his daughter to rub her mother's neck and chest with Wizard Oil, while he hastened for the doctor. "On my return," says Mr. Hayes, "I found my wife sitting up and as well as ever. She has never had any trouble of this kind since and I really believe Wizard Oil saved her life. I would advise everyone to keep it in his home."
